BIG CELEBRATION IS FILLED WITH DYNAMIC ENERGY

SPY ACTIVITIES STIR UP THE GOVERNMENT

(By Associated Press.)
WASHINGTON, July 5.—The unsuccessful submarine attack on the ships of the American expeditionary force has revived spy rumors in the capital and will result if possible, in even more stringent measures to cloak the movements of military forces from the enemy.

The relief and gratification over the safe arrival of the last units of the expedition is tempered by a manifest feeling of indignation that the German admiralty was able to lay its plans so well and to attack the American vessels in force before they reached the zone which had been regarded as most dangerous.

Discussion of possible spy activities took many angles today.

Some officials were inclined to believe that the Germans must have had a warning of the definite time agreed upon for the crossing, but

JOHN H. MILLER IS PRESIDENT OF THE MANHATTAN CON. BY RESIGNATION OF W. J. DOUGLASS

Manhattan Con. Mining Company has had a change in the official head through the succession of John H. Miller to the presidency in place of W. J. Douglass. The change was effected at a meeting of directors July 3d, as it was the desire of Mr. Douglass to have the affairs of the company placed in the hands of some one who could give them closer attention than he. Mr. Miller is expected to arrive tomorrow. Both men have been lifelong friends.

The physical condition of the property is most gratifying. An average sample of the black manganese ore which is interspersed through the footwall drift for the entire distance and, in places, showing from 3 to 4 feet of solid stuff run at the rate of \$1294 per ton. A cold-blooded sample of the original crosscut taken close to the mud dike and before any highgrade ore was encountered at all, to avoid getting any free stuff into the sample, and therefore taken from overhead, gave for the first nine feet a return of \$754.50 per ton. The second sample, taken from 10 feet contiguous to the hanging wall, ran \$10 per ton, which is, in fact, 19 feet of ore of an average of \$42.70.

METAL WORKERS WANT CONFERENCE

(By Associated Press.)
BUTTE, July 5.—A new angle in the strike situation developed when the metal trades council of Montana asked for a conference with the Anaconda Copper Company at which higher wages will be demanded. The conference is set for next Thursday. The Anaconda operates mines at Butte, and smelters at Anaconda and Great Falls. The wage demand will be made for all three cities.

FIRE DAMAGES THE CHAPEL OF GOLDFIELD CONVENT

Special to the Bonanza.
GOLDFIELD, July 5.—At 3 o'clock this morning fire was discovered in the chapel of St. Mary's convent. Chief Jerry Murphy and his men found some difficulty in reaching the source of the blaze, as it was between the ceiling and the roof. It is supposed that a spark from fire-works was the cause. Damage \$400.

For Associated Press news read the Bonanza.

SAMMIES GO INTO CAMP ON JULY 15

CELEBRATE THE FOURTH WITH A PARADE AT THE FRENCH CAPITAL

(By Associated Press.)
PARIS, July 5.—The battalion of American troops which paraded yesterday have gone to the permanent American training camp for instruction. Other units will go shortly. It is expected the entire expedition will be encamped by July 15th under command of Major General Sibert.

A million people saw the parade and cheered the American soldiers yesterday. They called them "Sammys" and "Teddies." The name "Teddy" became suddenly popular as an expression of good will, perhaps because easily pronounced by the French. Thousands of children shouted "Teddy," and threw flowers. Pershing, Sharp and Whitlock spoke.

WORLD AMAZING RESULTS OF THE SPY INQUIRIES

A SLIGHT INTIMATION OF WHAT IS GOING ON IN OFFICIAL CIRCLES

(By Associated Press.)
WASHINGTON, July 5.—Officials who cannot be quoted said today that if the government's activities against German spies in the United States were published, the news would startle the world. The combined forces of the state, war, navy and justice departments are working systematically, unearthing information of an amazing character, of immense value to the government.

U-BOAT MENACE ALMOST AT END

(By Associated Press.)
LONDON, July 5.—Von Hindenburg's recent boasting pronouncement in Berlin was issued with a view to bolstering up German sentiment, in the opinion of the admiralty. The phrase "if we hold our ground until the submarine war has done its work," has a pleasant sound to the British naval ear, for the navy is now firmly convinced that the submarine war has failed.

A staff correspondent of the Associated Press was permitted to spend two days last week in observing the anti-U-boat campaign at close quarters at a big naval base on the southeast coast. There was plenty of evidence of the effectiveness of the admiralty work in near-by waters, as well as of the tremendous effort being put forth.

The navy still maintains secrecy regarding the submarines sunk, but the pursuit has become so lively that a U-boat shows its periscope in channel waters only with the greatest risk. It is impossible to keep entirely secret such incidents as that of an oil-driven destroyer which a few days ago swept into port with a part of a rammed submarine hanging triumphantly from her prow.

Aeroplane and dirigible patrols in the channel are proving highly effective and a U-boat once sighted by a dirigible has small chance of getting away.

In waters farther afield one of the best evidences of the success of the

AIR ATTACK ON ENEMY BY BRITISH

ALLIED MACHINES SWEEP ON ENEMY AND RETURN TO THEIR QUARTERS

(By Associated Press.)
LONDON, July 5.—Naval air service machines dropped several tons of bombs on airfields at Ghent, Belgium, and on a train at Zaeren. The machines returned safely.

WAR IS NEARING CLIMAX, IN MINDS OF THE JAPANESE

WILY NIPPONS BELIEVE THEY SHOULD TAKE CARE OF ORIENTAL INTERESTS

(By Associated Press.)
TOKIO, July 5.—In the belief that the European war is nearing a climax, Japan's conviction is that she should carefully examine her own international situation. This is believed to be the chief reason for the recent creation of a national advisory committee, responsible to the empire.

U-BOAT BLOWN UP BY A SHELL

BRITISH CAPTAIN CLAIMS TO HAVE SCORED ON AN ENEMY BOAT

(By Associated Press.)
AN ATLANTIC PORT.—Confidence that their gunners sank a submarine is expressed by officers of a British liner arriving. After firing at a submarine which suddenly appeared 500 yards away, a column of black smoke spouted into the air, and the U-boat sank.

REGULAR TROOPS SENT TO GLOBE

SITUATION BEYOND CONTROL CIVIL AUTHORITIES AT ARIZONA COPPER MINES

(By Associated Press.)
PHOENIX, Ariz., July 5.—A telephone message received by Adjutant General Wiley Jones from Globe states that the situation is entirely beyond local control and United States troops from Douglas have been ordered to the scene. Four hundred arrived this afternoon.

(By Associated Press.)
GLOBE, Ariz., July 5.—All is quiet. The strikers are apparently resting after a strenuous Fourth. It is reported there have been wholesale desertions from the mine, mill and smeltermen's union to the metal miners' branch of the I. W. W. Liquor is being brought in.

DOUGLAS, Ariz., July 5.—Four troops of United States cavalry, with a machine gun troop, left today for Globe. They are due to arrive tonight.

Atlantic patrol was the safe arrival of the American transports at a French port.

NOTHING LIKE IT EVER PULLED OFF BEFORE; EVERYBODY SAYS SO, AND EVERYBODY TELLS THE TRUTH

The Fourth has come and almost gone when everybody will feel like speeding the parting guest by wishing a speedy return and a longer stay.

Never has Tonopah seen anything like the present celebration. Never have so many novel and interesting features been embodied in any single festival and, for the first time, business men and residents agree that the game was put on with more elaborate and more sensational trimmings than any previous commitments ever ventured to exploit. Practically the same men were at the head of the affair and their experience in former years told them that the people wanted something different, so they gave it and gave it in

RUSSIA CAPTURES MORE THAN 18,000 AUSTRO-GERMAN

(By Associated Press.)
LONDON, July 5.—The British attacked Southwest Hollebeke, in Belgium, near the Ypres canal. The line was advanced on a front of six hundred yards and several prisoners were captured.

(By Associated Press.)
The soldiers of revolutionary Russia maintained their attempts to break through the Austro-German line in eastern Galicia. Cheered by the results of the fighting during the first three days of July, they continue their efforts especially in the region of Brzezany, and are throwing fresh forces against the Teuton positions.

During Sunday and Monday, the first two days of the new drive the Russians captured 200 officers and 18,000 men, and on Tuesday and Wednesday probably added several more thousand to the total. Twenty-nine guns and 33 machine guns were taken from the Austro-Germans.

Violent artillery duels have been in progress on the Koniecz-Zlochoff sector on the Stokhod, in Volhynia, and at Brody on the Galician-Volhynian border.

In Champagne, on the western front, the German crown prince has made another desperate and fruit-

KILLED WHEN HIS CAR SKIDS IN RACE

(By Associated Press.)
TACOMA, Wash., July 5.—A skidding car brought death of Ken Hanson, in the Pacific coast 150-mile championship race on the speedway here yesterday. Slipping on the back stretch curve the car turned in the air.

Hanson was instantly killed and his mechanic, Fred Johnson, was badly injured.

A. H. Patterson won the race in 1 hour 23 minutes 4 seconds.

WESTERN LEAGUE FRANCHISE

(By Associated Press.)
WICHITA, Kan., July 5.—President E. W. Dickerson of the Western League tonight said the question of transferring the St. Joseph franchise to Hutchinson would not be settled before Friday night, when a meeting will be held in Hutchinson.

STRIKES BEGUN BY GERMAN SPY

ACTIVITY OF THE I. W. W. TRACED DIRECTLY TO AGENT OF KAISER

(By Associated Press.)
SCRANTON, Pa., July 5.—With the arrest today of Joseph Graber, an organizer of the Industrial Workers of the World, charged with being a spy in the employ of the German government, federal authorities declared their investigation had satisfied them that recent strikes and agitations of the I. W. W. in the anthracite coal regions had been stirred up by German agents, with the hope of lessening the power of the United States in war by decreasing coal production.

Graber, who was taken into custody by United States Marshal James S. McGee, was held without bail under the alien enemy act.

"Information in our hands," said John M. McCourt, assistant United States district attorney, who has had charge of the investigation, "proves the connection between the organizers and leaders of the Industrial Workers of the World movement here and the German government. Graber, an organizer of the I. W. W., is a German agent."

Beginning last summer numerous strikes occurred at the various mines in Luzerne and Lackawanna counties. Industrial Workers of the World parades and demonstrations became common. In the late summer Sheriff Phillips raided an I. W. W. meeting at Old Forge, near here, arresting 300 men. Recently twelve strikes have been in progress in this vicinity. One strike at Duryea tied up 800 men because it was alleged a religious fanatic would not join the union.

ISSUING SERIAL NUMBERS

(By Associated Press.)
WASHINGTON, July 5.—Exemption boards which will administer the draft have begun giving serial numbers to the men who registered.

THE SALONIKA CAMPAIGN

(By Associated Press.)
COPENHAGEN, July 5.—Lieutenant General Von Stein, Prussian minister of war, said abandonment of the Salonika campaign is improbable.

FEAR BUBONIC PLAGUE IS CAUSE OF DEATH

(By Associated Press.)
OAKLAND, July 5.—Physicians are performing an autopsy to see if a Chinese girl died of bubonic plague. If so, they will quarantine Chinatown.

For Associated Press News read the Bonanza.

mediate towns. Of course Goldfield was here with the glad hand and Goldfield went home all the better for cultivating the hospitality of the good people of Nye county. Among those attending the carnival were: Miller's—J. E. Bowden and wife. Goldfield—D. C. McCarthy, Mrs. I. R. Richardson, Mrs. R. A. Via, F. L. Downey and wife.

Manhattan—L. L. Mueshett, L. Merigan.

Luning—Mrs. C. W. Spaulding. Miss Hazel M. Frost, Dr. Plymire and wife.

FEDERAL AGENTS START INQUIRY

(By Associated Press.)
EAST ST. LOUIS, July 5.—A federal investigation of Monday's race riots here in which 33 negroes and four whites were killed and approximately 310 negro homes were burned, was begun yesterday by Colonel George Hunter, chief quartermaster of the central division of the United States army.

Colonel Hunter is under instructions to make a full report of the trouble to Major General Thomas H. Barry at Chicago, commandant of the central department.

Residents of the city spent a dreary Fourth of July, for the most part remaining in their homes.

Nearly 2000 Illinois National Guard patrolled the streets in every section of the city armed with riot ammunition and under strict orders to fire if necessary. The city's Fourth of July celebration which was to have been held in City Hall park, was called off and all saloons and theaters remained closed. Militiamen prevented citizens from congregating in any section of the city. Strong detachments of soldiers guarded the stockyards and large manufacturing plants.

The only excitement of the day was the finding of three negro bodies badly mutilated in Cahokia creek, bringing the death list to thirty-seven.

Civil authorities began the work of collecting and preparing evidence to be presented to the St. Clair grand jury when it convenes July 9. Only two of the 97 men arrested Monday night on charges of inciting to riot are being held.
